

# Best of the Best -- TLC Care Card™ Wins Best Innovative Product Award

**Kelly McCabe and Patti Maltese,** owners of TLC HomeCare Services in Moorestown win Best Product Innovation Award at the *Philadelphia Business Journal's* South Jersey Entrepreneurs Awards Ceremony, June 27, 2013.

The Care Card™—a gift card that can be redeemed for any number of pre-paid service hours of non-medical home care services is gaining momentum and getting accolades. Recently honored as a new innovative product in South Jersey, the Care Card™ is a great way to gently introduce home care services as a gift rather than suggesting help is needed. It is unique to our industry and more and more families, especially those who are living long distance from loved ones, find it a great way to send a pair of helping hands when needed and when they cannot be there. Find out how you can get your Care Card™ today—Buy it for a new Mom, someone just out of surgery, as a get well present or if you have a teenage sports star who has a short term injury and needs some assistance. We're proud to be recognized for our Care Card™ and even more proud of our reputation and that our clients trust us to provide great service. For more information, call [856-234-8700](tel:856-234-8700) and ask us about how you can purchase a Care Card™. We'll even gift wrap it for you!

A Care Card™ For You.
